Executives frequently ask for Business Relationship Manager (BRM) metrics and the financial business value added to the organization through the Business Relationship Management Capability.

Business Relationship Manager (BRM) Metrics - BRM Institute  
Characteristic. Usage to Support Solution Partitioning. Subject Matter (Breadth) Solutions are naturally organized into groups to support operational management and control.

The TOGAF Standard, Version 9.2 - Architecture Partitioning
I'm looking at a "classic" process maturity assessment done by a consulting firm for a client, and what a useless document it is. I'm not saying who sent it to me or why or where from. That isn't important here because so many assessments are similar. Compare yours. The report analyses 8 practices. It doesn't say why those eight.
